Teaser	Do you operate a large combustion plant, gas turbine, or internal combustion engine plant that co-incinerates waste? Learn how to submit the annual information about your plant here.
Volltext	As an operator, you must report the following information about your waste co-incineration plant, gas turbine or combustion engine plant to the competent authority: 1. the installed thermal output, 2. the type of combustion plant, 3. whether your facility is part of a refinery, 4. the date of commencement of operation and the date of the last significant

Modul	Sachverhalt
	modification of the combustion plant, 5. the total annual emissions, 6. the annual operating hours, 7. the total annual energy consumption, 8. if applicable, the sulphur content if you use domestic sulphur-containing solid fuels, 9. If applicable, the average number of operating hours per year if this number exceeds 1,500 for your system over the last 5 years
Erforderliche Unterlagen	Annual Emissions Report
Voraussetzungen	You operate a large combustion plant, gas turbine or combustion engine plant that co-incinerates waste.
Kosten	Gebühr: Es fallen keine Kosten an
Verfahrensablauf	They prepare an annual report containing the relevant information for each individual plant, taking into account the aggregation rules. You submit the report to the responsible authority. The responsible body will check your report for plausibility. The responsible body will forward your report to the Federal Environment Agency. The Federal Environment Agency forwards your report to the European Commission.
Bearbeitungsdauer	The processing time is not specified by law.
Frist	They shall submit the report annually to the competent authority for each individual installation by 30 April of the following year. The competent authority will forward your report to the Federal Environment Agency by 31 October of the year following the reporting year.
weiterführende Informationen	
Hinweise	There are no special instructions.
Rechtsbehelf	No legal remedy is provided.
Kurztext	Operators of large combustion plants, gas turbines or combustion engines that co-incinerate waste must report to the competent authority: installed thermal output Type of combustion plant Belonging of the plant to a refinery Date of commencement of operation and date of the last significant modification of the combustion plant Total annual emissions annual
