Erforderliche Unterlagen

Voraussetzungen

- discharge more than 750 cubic metres of wastewater in one day or
- discharge less than 750 cubic metres of wastewater in one day, but have been requested by the competent authority to appoint a person responsible for water protection or
- operate a facility for storing, filling, producing and treating substances hazardous to water or a facility for using substances hazardous to water in the commercial sector or in the area of public institutions or
- operate a pipeline system.

Kosten

Verfahrensablauf

- You will receive an order from the responsible authority.
- You notify the appointment of a person responsible for water protection in writing. In the notification, you describe the duties of the person responsible for water protection.
- If there are any further queries, the responsible authority will contact you again. If there are no further queries, your report will be filed.
- If necessary, you must inform your works council or staff council about the planned appointment of water protection officers and the tasks assigned to them before submitting the notification.
