Teaser	You must inform the responsible authority immediately if you want to stop an approved X-ray facility, the operation of interference emitters or systems for generating ionizing radiation or the approved handling of radioactive substances.
Volltext	If you want to stop an approved or notified operation of X-ray devices, interference emitters or systems for generating ionizing radiation or the approved handling of radioactive substances, you must report this to the responsible authority immediately.
Erforderliche Unterlagen	With your report, you should also provide evidence of the whereabouts of the X-ray device, stray emitters or system for generating ionizing radiation, such as: Proof of disposal or Proof from a specialist company that the X-ray device, interference emitter or system for generating ionizing radiation is not ready for operation. If you have received a permit to operate the X-ray facility, please send the original back to the responsible authority.
Voraussetzungen	You can only make the notification if you are responsible for radiation protection.

Modul	Sachverhalt
Kosten	Gebühr: Es fallen keine Kosten an
Verfahrensablauf	Notify in writing of the termination of operation of the X-ray facility or the approved handling of radioactive materials. Please indicate the whereabouts of the X-ray equipment or the radioactive material. If necessary, send evidence of the whereabouts of the X-ray device, interference emitter or system for generating ionizing radiation or radioactive material. The authority will check your information and, if necessary, request further information or documents from you. The responsible authority registers the deregistration of your facilities or devices. You will not receive any notification from the authorities.
Bearbeitungsdauer	No
Frist	Immediately at the point in time at which the activity with the X-ray device or the radioactive substance is ended.
weiterführende Informationen
