Volltext	<p>The profession of masseuse and medical bath attendant or masseur and medical bath attendant is regulated in Germany. This means that in order to work as a masseuse and medical bath attendant or masseur and medical bath attendant in Germany, you need a state permit. With this permit, you can use the job title “masseuse and medical bath attendant” or “masseur and medical bath attendant” and work in the profession. Even if you have a professional qualification from a so-called third country, you can still obtain state permission from the relevant authority in Germany. Third countries are all countries that are not part of the European Union (EU), the European Economic Area (EEA) or Switzerland. To obtain permission, you must have your foreign professional qualifications recognized. During the recognition process, the responsible body compares your professional qualification from abroad with the German professional qualification and checks their equivalence. The equivalence of the professional qualification is an important prerequisite for the granting of state permission. In addition to the equivalence of the professional qualification, you must also fulfill other requirements for the permit to be granted. If your professional qualification comes from the EU, EEA or Switzerland, different rules apply. You can also apply for the procedure from abroad.</p>

Verfahrensablauf

You submit an application to the competent authority for permission to use the professional title "masseuse and medical bath attendant" or "masseur and medical bath attendant". You can submit the application with the documents to the competent authority or send it by post. Do not send originals. Sometimes you can also send the application electronically. The competent authority will inform you. The responsible body will then check whether you meet all the requirements. An important requirement is the equivalence of your professional qualification. The responsible body will compare your professional qualification from abroad with the German professional qualification as a masseuse and medical bath attendant or masseur and medical bath attendant. The professional qualification is equivalent if there are no significant differences between your foreign professional qualification and the German professional qualification. If your professional qualification is equivalent, your foreign professional qualification will be recognized. The responsible authority can confirm the result to you in writing. You must still meet the other requirements. You will then be permitted to use the professional title "masseuse and medical bath attendant" or "masseur and medical bath attendant". Are there significant differences between your professional qualification and the German professional qualification? Perhaps you can compensate for the differences through your professional experience, other knowledge or skills (lifelong learning). You must provide evidence of your professional experience. Knowledge and skills must be certified by an authority in the state in which you acquired the knowledge or skills. However, it may be the case that the essential differences cannot be compensated for by this knowledge. In this case, your foreign professional qualification will not be recognized. You will then not be allowed to work as a masseuse and medical bath attendant or masseur and medical bath attendant in Germany. However, the responsible body will tell you the main differences and why you cannot compensate for the main differences through your professional practice. In most cases, you can take a compensatory measure. This will allow you

	<p>to compensate for the main differences. There are various compensatory measures: Adaptation period: The adaptation period lasts a maximum of three years. Knowledge test: The knowledge test tests your knowledge in certain subjects and areas. The knowledge test includes an oral and a practical part. If you successfully complete the compensatory measure and meet all other requirements, you will be permitted to use the professional title "masseuse and medical bath attendant" or "masseur and medical bath attendant".</p>

Hinweise	<p>The permit procedure also includes an examination of equivalence (recognition procedure). You can apply for a separate notice of the result of the examination. As a late repatriate, you can choose to go through the recognition process according to the laws mentioned here or according to the Federal Expellees Act. You can decide for yourself. The responsible authority will advise you on which process is right for you.</p>
Rechtsbehelf	<p>An objection to a negative decision can be raised within one month of notification at the office specified in the letterhead.</p>
Kurztext	<p>To work as a masseuse and medical bath attendant or masseur and medical bath attendant in Germany you need a government permit. With the permit, you can officially call yourself a "masseuse and medical bath attendant" or "masseur and medical bath attendant" and work in that profession. You can also obtain state permission in Germany if you have a professional qualification from a so-called third country. Third countries are all countries that are not part of the European Union (EU), the European Economic Area (EEA) or Switzerland.
