Teaser	You need official recognition and usage authorization in order to market natural mineral water commercially.
Volltext	<p>You may only market natural mineral water commercially if it is officially recognized. You can apply for official recognition at the responsible office.</p> <p>Natural mineral water is groundwater that originates from underground water reserves protected from contamination and is obtained from one or more sources. It is of original purity and characterized by its content of minerals, trace elements or other components. Its composition, temperature and other essential characteristics remain constant within the limits of natural fluctuations. It is untreated or may only be subjected to a few precisely prescribed treatment procedures.</p> <p>Official recognition in Germany is equivalent to the official recognition of a member state of the European Union or a contracting state to the Agreement on the European Economic Area.</p>
