Hinweise	Modern vaccines are effective and safe. Vaccination

Modul	Sachverhalt
	reactions such as fever or pain at the injection site occur only rarely and are always temporary. The independent Standing Committee on Vaccination (STIKO) examines which person which vaccination at what point needed to be well protected. The STIKO publishes these recommendations online. Please see the "Links" section. With high vaccination rates, individual diseases, such as smallpox, can be eradicated.
Rechtsbehelf	No
Kurztext	Vaccinations protect against infectious diseases are among the most important and effective preventive measures that can be used to prevent infections and diseases. Doctors advise
