If you would like to make a change to your listed property or an object in the vicinity of a listed building, you will need monument approval.

**Volltext**

The application for a monument permit is required if you want to carry out structural work on or in a protected monument (including an ensemble). This includes modernization, repair, renovation or restoration measures. Changes to the appearance of a monument are also measures that require approval. In addition, the removal of a monument, whether partial or complete, requires approval. Structural measures in the immediate vicinity of a monument may also require approval and may require approval. The applicant receives approval (possibly with conditions) or a ban on his application.

**Erforderliche Unterlagen**

The following documents must be enclosed with the application: The planned measures must be presented in a meaningful and verifiable manner in the application documents. - Powers of attorney if the applicant is not the owner - Site plan showing the inventory and planning (scale 1:1000) - Description of the inventory in the area of the planned measure with information on construction, materials and equipment - Photos of the monument: current, meaningful and assignable (preferably mapped) of the affected areas, including detailed photos - As-built plans (scale 1:100 / 1:50), if necessary details 1:10 / 1:5 / 1:2 for the areas affected by the measures. - Floor plans, views and sections with information on the current use of the monument Note: If only smaller individual measures are planned (e.g. repairs, etc.), complete sets of inventory plans may be unnecessary - Conversion
