Teaser	Do you want to adopt a child from abroad? In addition to the general examination, you must qualify as adoptive parents for the respective country.
Volltext	The international adoption is divided into two aptitude tests: the general aptitude test at the local adoption agency and the country-specific aptitude test at a privately run international adoption agency or the central adoption agency of the state youth welfare office. The country-specific aptitude test checks whether you are suitable for adopting a child from a specific country. The aptitude test is carried out by a privately run foreign placement agency or the central adoption agency of the state youth welfare office.
