Volltext	Would you like your child to change to a grammar school? You can apply for this at the school under certain conditions. In the 4th grade, guardians receive a recommendation for the type of school. In Hamburg, this is the recommendation for the district school or for the grammar school. The school career recommendation is not binding. You can also enroll your child in a different type of school. Before the end of the observation phase (at the end of grade 6), it is examined whether the student should continue to attend the chosen type of school or change school type, taking into account the student's level of performance, the support measures previously implemented by the school and the expected development.
Erforderliche Unterlagen	For information about this, please contact the school you have previously attended.
