Hinweise

In Hamburg, you are required to register your dog in the dog register. Registration can be done at a Hamburg Service location, at a consumer protection office of your choice, or online. The data required for tax registration is then automatically forwarded to the office responsible for dog tax (tax office for traffic tax and real estate in Hamburg), so that no further declaration is usually required there. If you register or deregister your dog for tax purposes directly through the responsible authority, you are still obliged to register or deregister it with the dog register. The dog tax is 90 euros per calendar year. The dog tax for dogs classified as dangerous is 600 euros per calendar year. Under certain conditions, you can apply for a tax exemption, reduction or waiver from the tax office for traffic taxes and real estate (see: "Dog tax reduction" or "Dog tax exemption" service). This option is not available for dogs classified as dangerous. If you, as the
