Handlungsgrundlage	Passenger Transport Act (PBefG) https://www.gesetze-im-internet.de/pbefg/BJNR002410961.html
Teaser	If you want to build a tram and transport people on it, you need a permit.
Volltext	You need a permit if you want to build a tram and transport passengers. To obtain the permit, you must submit an application to the relevant authority.
Erforderliche Unterlagen	Application for approval Presentation of the measures to achieve complete accessibility of transport Where applicable: public service contract Overview map showing the proposed route with stops and all existing railways, motor vehicle lines and commuter waterway lines in the traffic area If applicable: timetable If applicable: list of shareholders, shareholders' agreement If applicable: transport manager contract Tax certificate from the responsible tax office (not older than three months) Certificate of clearance from the municipality (no older than three months) Certificates of clearance from all social insurance providers (not older than three months) Certificate of good standing from the professional association (not older than three months) Annual financial statements, if applicable, equity certificate (not older than one year) Where applicable: certificate from the auditor who audited the annual financial statements If applicable: Extract from the commercial register If applicable: Information on the bindingly assured standards If applicable: proof of special transport conditions Proof of professional qualifications If applicable: Existing permits Information on compliance with the principles of climate protection and sustainability Description of the improvement in transport service provided by the requested transport Vehicle lists
Voraussetzungen	You are professionally qualified (have passed the passenger transport law specialist examination before a Chamber of Industry and Commerce). You are financially capable. You have the necessary personal

Modul	Sachverhalt
	reliability. Your registered office or branch is located in Germany. The route you have planned only includes roads that are suitable for it. The route you have planned meets the requirements of local transport planning. The route you plan takes into account the exclusive rights of other transport companies. The route you have planned does not conflict with the public transport interest.
Kosten	The costs vary and depend on the type and scope of your project.
Verfahrensablauf	You submit your application along with the necessary documents to the responsible authority. The responsible authority will review your application and contact you if any information or documents are missing. The competent authority conducts a consultation procedure with external parties (for example, with companies that already offer scheduled services, as well as trade supervisory authorities and district offices). If all conditions are met, you will receive a notification of the decision to grant the permit. If necessary, you will be given the certificate of approval.
Bearbeitungsdauer	3 - 6 months
Frist	Submit your application no later than 6 months before the start of the requested period of validity.
