Teaser	Do you want to divide a property (parcel) into 2 or more properties (parcels) or have them divided?
Volltext	The decomposition survey serves the formation of new parcel boundaries and thus the creation of new parcels. The course of a new boundary depends on an existing property purchase contract or on the wishes of the owner or purchaser. Planning and building regulations (e.g. compliance with border distances) must be taken into account. The results of the surveying and marking out are made known to the parties involved at a subsequent surveying meeting.
Erforderliche Unterlagen	No documents required.
Voraussetzungen	Commissioning only by owners, purchasers, heritable building owners or notaries public
Kosten	depending on the size of the order, at least 1500 Euro, depending on the value of the land, the size and the number of dividers
Verfahrensablauf	<ol style="list-style-type: none"> 1. Written order with form or informally; if planning documents and/or land purchase contract available, please send them! 2. Preparation of documents 3. Coordination of the survey date 4. Local surveying by surveying team 5.
