Teaser	Are you repeatedly harassed or followed, i.e. stalked, by a person? Do you know no more advice when you are continuously called, followed and threatened?
Volltext	"Stalking", a term from English, means "stalking, following, psychological terror". Stalkers are persons who pursue, harass and terrorize someone in various ways. If this happens on the Internet or with the help of technical aids, it is called cyberstalking or cyberbullying. The person being stalked can be a stranger or a superficially known person. It is not uncommon for it to be a former partner or wife. In most known cases, men stalk women.
