Teaser	Your farm can apply for support within agri-environmental measures. If you farm grassland and are disadvantaged by nature conservation regulations, you can apply for compensation for difficulties.
Volltext	<p>Agri-environmental measures (AUM)</p> <p>Through the promotion of targeted agri-environmental measures</p> <ul style="list-style-type: none"> • are intended to provide additional incentives for the conservation of the cultivated landscape and natural resources (including soils). • The aim is to reduce harmful impacts on the water balance and protect drinking water resources. In particular, the impairment of groundwater by nitrate or plant treatment and pesticides is to be counteracted. • The aim is to protect and improve the environment, genetic diversity and biodiversity. <p>Compensation for hardship</p> <p>Compensation for hardship is granted for grassland if agricultural land use is significantly more difficult due to nature conservation legislation. Grassland is defined as an area permanently overgrown with grasses and herbs that is used for conservation at least once a year by mowing or grazing.</p> <p>Compensation is granted for one calendar year at a time. Its amount is to be calculated according to the</p>
