court The debtors' register can only be inspected online at [www.vollstreckungsportal.de](http://www.vollstreckungsportal.de). Registration is necessary here. You will then receive a PIN by post, which you can use to start your search. The result of your query must be printed out and enclosed with your application.

- Information from the insolvency court as to whether proceedings have been opened

(to be applied for at the district court of the place of residence)

## Voraussetzungen

The applicant's reliability must be established in order to be able to exercise the trade again. In particular, the reasons that originally led to the prohibition of the trade should have been eliminated.

The trade authority in whose area the applicant wishes to become self-employed again is responsible for the reinstatement procedure. If a future place of business is not yet known, the trade authority of the place of residence is responsible.

## Kosten

Gebühr: 424€  
in the case of an ordered re-permission to exercise the trade. Should it be necessary to reject the application for reinstatement, the fee will be reduced by 25 to 75 % depending on the effort involved in accordance with Section 9 (2) of the Bremen Fees and Contributions Act (Bremisches Gebühren- und Beitragsgesetz).

## Verfahrensablauf

Once you have submitted a written application for re-authorization, your reliability under trade law will be checked on the basis of your details and other official inquiries. Allow 4 to 6 weeks for the verification procedure. In individual cases and depending on the scope of the check, it may take longer.

Please note that the list of documents to be submitted on this page is not exhaustive. In each individual case, further documents may be required to establish your reliability. You may therefore be asked to submit further documents once your application has been received.
