Volltext	The recognition of a supplementary school in Bremen requires state recognition or approval. Private schools are all schools that are not run by the state of Bremen or a municipality. Private schools cooperate with state schools in the fulfillment of the public educational mandate within the framework set by the Basic Law of the Federal Republic of Germany and the constitution of the Free Hanseatic City of Bremen. They complement and enrich the public school system with special contents and forms of education and teaching.

Private supplementary schools must be notified to the Senator for Children and Education before teaching begins. Upon application, a supplementary vocational school is granted the status of a recognized supplementary school if it provides training for a specific profession. Teaching must then be provided in accordance with state-approved training regulations. Recognition entitles the school to hold examinations in accordance with state-approved regulations.
Kosten	Fees of up to EUR 3,610.00 are charged for the recognition of a private vocational school (No. 106.02 of the cost regulations of the education administration). Fees of up to EUR 5,730.00 are charged for the approval of the regulations on training and examinations at a recognized supplementary school, depending on the time required (No. 106.03 of the cost regulations of the education administration).
Verfahrensablauf	The procedure for recognition of a private supplementary school is informal. The required documents and evidence must be provided.
Bearbeitungsdauer	The Senator for Children and Education will make a decision within 3 months after all the necessary documents and evidence have been submitted.
Frist	There are no deadlines for the application process. However, the school may only commence operations once state recognition or approval has been granted.
