Sachverhalt

- for vehicles put out of service

additionally

\- old vehicle documents and a deregistration certificate issued before 1 October 2005 or
 \- registration certificate part I and II

- Direct debit authorisation for motor vehicle tax (SEPA Direct Debit Mandate)
- external licence plates

in the case of registered vehicles which are not registered in Bremen or Bremerhaven at the time of their registration there

- Registration certificate part II or old vehicle registration document
- valid identity card or passport (original, no copy)

Voraussetzungen

- There must be no arrears of fees and expenses from previous registration processes. In the event of arrears, the registration authority may not register the vehicle until these have been settled.
- Written direct debit authorization for the collection of vehicle tax

Kosten

Gebühr: 30,70€

The fee is increased by 15.30 if the data cannot be retrieved from the Kraftfahrt-Bundesamt and the data is not available in the local vehicle register. Within the framework of EU harmonisation, additional fees of up to 8.70 are due for the replacement of the old vehicle registration document by the registration certificate Part II.

Verfahrensablauf

- An application for registration must be submitted to the registration authority. The application can also be submitted by a representative (e.g. car dealer) with a written power of attorney.
 - There is an obligation to present the vehicle for identity verification.
 - If the vehicle was previously registered, the license plates will be stamped. Subsequently, the export license plate will be assigned for the duration of the liability insurance, but for a maximum of one year.

Modul

Sachverhalt

- The vehicle must have valid proof of the main inspection (HU) for the registration period (i.e. until the end date of the export license plate). If the due date of the main inspection is before the end of the export period, you must submit an inspection report from an officially recognized inspection organization on the new main inspection.

Note:

Since July 1, 2010, export license plates have been subject to motor vehicle tax. Vehicle tax must be paid upon registration for the duration of the export license plate's validity. The minimum taxation period is one month.

Tip:

The license plates can be produced during registration. Private providers have set up near the registration authorities for this purpose. The cost of the plates is not included in the fees. The license plates are stamped by the registration authority, i.e. they are provided with stickers.

registration.

- Vehicle tax exemption or reduction as a result of severe disability:

Severely disabled people with the mark "H", "BI" or "aG" in their severely disabled ID card continue to be exempt from vehicle tax. Based on the proof in their ID card, they do not have to submit a direct debit authorization. Further information is available from the main customs office in Bremen.

- Electronic confirmation of insurance (eVB):

You can obtain the confirmation of insurance regarding the motor vehicle liability insurance from the insurance company of your choice. In most cases, you can request the insurance confirmation from your insurance company by telephone.

Since March 1, 2008, the insurer can give you an insurance confirmation with a 7-digit alphanumeric VB number, which the registration authority uses to retrieve the insurance data electronically from the central database of the German Insurance Association.

- If, in the course of registration, it becomes necessary to issue a registration certificate Part II (formerly vehicle registration certificate) for the first time, the vehicle must always be identified by the registration authority by presenting the vehicle.
