| Teaser                        | Risk analysis of power failure for businesses and critical infrastructure facilities in the municipality of Bremerhaven                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| Volltext                      | <p>A standardized survey of &gt;300 companies/facilities in Bremerhaven was conducted to evaluate self-efficacy and the need for government support to maintain vital/relevant critical infrastructures.</p> <p>Facts on self-sufficiency (running time/fuel supply and so on) and any necessary external replacement supply indicators (without entitlement to provision in the event of an incident) were collected.</p> <p>The service is a survey form that is intended to provide an initial assessment of the current situation. The questionnaire/service can also be used for evaluation purposes. The evaluation is announced to the KRITIS in a targeted manner.</p> |
| Erforderliche Unterlagen      | No documents required.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Voraussetzungen               | <p>The companies/facilities surveyed must belong to the so-called critical infrastructures (KRITIS); the final decision on the intended dedication was made by the Bremerhaven fire department, which performs the tasks of the local disaster control authority.</p> <p>Knowledge is required about the energy source used for the property, which backup supply systems are maintained by the company and the fuel reserves and so on.</p>                                                                                                                                                                                                                                   |
| Kosten                        | Not specified.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
